

PAID COMMUNICATIONS INTERNSHIP AVAILABLE

Cancer Support Community
1050 17th Street Suite 500, NW, Washington D.C. 20036 - (202) 659-9709

Gain public relations, marketing and fundraising experience with an international nonprofit organization dedicated to providing support, education and hope to people with cancer and their loved ones. The Cancer Support Community, headquartered in downtown D.C., is offering a paid internship to a well-organized student with good writing and editing skills and an interest in health care and communications. Experience in public relations, marketing, health communication, social media and/or graphic design is a plus, but not required.

Job Responsibilities:

Support marketing team by:

- Managing social media outreach and strategy
- Writing blog, radio show and newsletter content
- Planning, writing and designing email marketing
- Monitoring media pickup and reach
- Assisting with creation of press kits and other press materials
- Providing general administrative support
- Design, communication and/or social media experience preferred, but not required

Hours: 20 hours per week (flexible hours between 9 a.m. - 5 p.m., M-F); Must be available in 5-8 hour blocks of time.

Salary: \$10 per hour

Location: Farragut North/West

Contact: Please email an **original** cover letter and resume to Emily Martin, Manager of Communications at emily@cancersupportcommunity.org. In your cover letter please tell us why you are interested in this internship opportunity and include your qualifications, start/end dates and weekly availability.

Duration: September 2014-May2015; semester or year-long opportunities are available.

About the Cancer Support Community

The mission of the Cancer Support Community (CSC) is to ensure that all people impacted by cancer are empowered by knowledge, strengthened by action and sustained by community. In 2009, The Wellness Community and Gilda's Club joined forces to become the Cancer Support Community. The combined organization, with more than 50 years of collective experience, provides the highest quality social and emotional support for people impacted by cancer through a network of more than 50 licensed Affiliates, more than 120 satellite locations and vibrant online and telephone communities, touching more than one million people each year.

Backed by evidence that the best cancer care includes social and emotional support, the Cancer Support Community offers these services free of charge to men, women and children with any type or stage of cancer, and to their loved ones. As the largest professionally led nonprofit network of cancer support worldwide, the Cancer Support Community delivers a comprehensive menu of personalized and essential services including support groups, educational workshops,

exercise, art and nutrition classes and social activities for the entire family. Through cutting-edge psychosocial, behavioral and survivorship research, the Cancer Support Community's *Research and Training Institute* is helping CSC change the future of cancer care through education and training. The Cancer Support Community's *Cancer Policy Institute* ensures that the voices of 13.7 million cancer survivors and their families are heard in the nation's capital and state and local legislatures across the country. In 2013, the CSC network delivered nearly \$48 million in free services to patients and families. The Cancer Support Community is advancing the innovations that are becoming the standard in complete cancer care. So that no one faces cancer alone®.
