ON THE SCENE Cancer Support Community's Gala

The Cancer Support Community, a global nonprofit dedicated to uplifting and strengthening people impacted by cancer, hosted its 2024 Annual Celebration at The Atrium at Bobby Van's, where guests enjoyed cocktails, dinner and an evening filled with remarkable honorees, heartwarming narratives and

memorable experiences. Nearly 150 passionate supporters and patient advocates attend the gala. Honorees included **Nick and Heather Baker**, cancer parents who received the Founders Award for Spirit for creating The Bear Fund. This initiative has already raised over \$1 million to support families who are coping with a child's cancer diagnosis.
